# Cowley County Walnut River Bridge Repairs on K-15 Highway

Starting on the week of March 28th, the Kansas Department of Transportation (KDOT) will begin a bridge expansion joint repair project on a bridge carrying K-15 Highway over Walnut River. The bridge is located east of the City of Udall and west of the North US-77/K-15 junction. The project is scheduled to be completed by mid-April 2016, depending on delays due to adverse weather conditions.

Traffic will be controlled through the work zone with a traffic signal. All loads over 11' of total width should seek alternative routes. Traffic slowdown with delays of no more than 15 minutes should be expected.

PCI Roads from St. Michael, Minnesota is the prime contractor for the \$115,000 project, which is funded by T-WORKS, the transportation program passed by the Kansas Legislature. For more information about T-WORKS projects and funding visit the website, [www.ksdot.org/tworks](http://www.ksdot.org/tworks). Highway construction project locations and road condition information can be viewed at the [www.kandrive.org](http://www.kandrive.org) website, or can also be accessed by telephone by dialing 511.

KDOT urges all motorists to be alert, obey the warning signs, and “Give ‘Em a Brake!” when approaching and driving through a highway work zone. Persons with questions about this road work or other KDOT projects can call South Central Kansas Public Affairs Manager, Zach Oswald, at 620-663-3361 or 1-877-550-5368 (Toll free).
