Bridge Repairs on Westbound U.S. 54 over West

Street Start Sunday Night

A Kansas Department of Transportation contractor will begin expansion joint repairs on the westbound U.S. 54 bridge over West Street on Sunday, July 12. Drivers should expect lane closures in temporary work zones but the project is scheduled in the evening and overnight hours to eliminate impacts to heavy daytime traffic.

The work will be completed in the overnight hours on Sundays through Thursdays with a single lane of westbound U.S. 54 closed at 7 pm and a second lane at 9 pm. All lanes will be reopened by 6 am.

Metal plates will be attached to the bridge deck ends that will allow traffic to use all of the lanes when crews are not working on the expansion joints (daylight hours).

Wildcat Concrete Services of Topeka is the contractor on the \$258,968 project. It is scheduled to be completed in late August, if work progresses without delays caused by weather.
