KDOT plans more concrete repairs on U.S. 400 next week

Late in the week of March 30 through April 3, maintenance workers with the Kansas Department of Transportation (KDOT) plan to make concrete repairs on U.S. 400 just east of the south U.S. 400/U.S. 75 junction. The work zone will be located where the four-lane section narrows to two-lane roadway.

Flaggers will direct one-lane traffic through the work zone, with three- to five-minute delays expected between the hours of 8:30 a.m. and 3:30 p.m. weekdays. The road work is expected to last around two weeks, weather permitting.

Independence KDOT Superintendent Marcus Leck reminds motorists to slow down, obey the signs and flaggers, and "Give 'Em a Brake!" Persons with questions concerning the road work may contact Leck at (620) 331-3760 or Priscilla Petersen at 1-877-550-5368.
