KDOT to begin survey for U.S. 54 overpass replacement

Starting Tuesday, Jan. 27, and continuing for four weeks, weather permitting, the Kansas Department of Transportation (KDOT) will conduct a field survey at the overpass above the Union Pacific Railroad on U.S. 54 at Moran. The overpass is ¼ mile east of the U.S. 54/U.S. 59 junction.

The survey is taking place to gather information necessary for a detailed design of the proposed overpass replacement. The survey length is approximately 2,000 feet, beginning at the U.S. 59 intersection and continuing east/southeast to the New Hampshire Road intersection.

Activities will include the use of survey instruments on the ground to determine locations of existing features within the corridor. A member of the survey crew will contact property owners and/or tenants for permission to enter private property. Joseph Bowen, field survey project manager, is in charge of this survey.

For more information contact Southeast District Public Affairs Manager Priscilla Petersen at 1-877-550-5368 (toll free).
