# K-58 resurfacing begins west of Leroy

Kansas Department of Transportation (KDOT) has started a project to resurface K-58 from the south junction of U.S. 75/K-58 east to the west city limits of Leroy. The resurfacing is a 1-inch surface recycle and chip seal.

Traffic is reduced to one lane at the work zone, guided by flaggers and a pilot car. Expect delays of 15 minutes or less during weekday daylight hours. This project should be finished in a week to 10 days, weather permitting.

KDOT awarded the \$285,801 construction contract to Dustrol, Inc. of Towanda, Mo. Dayna Barlow, construction engineer at the KDOT Iola office, reminds drivers to obey the signs and flaggers and "Give 'Em a Brake!" in the work zone. Persons with questions concerning this preservation project may contact Barlow at (620) 365-2161 or Priscilla Petersen at 1-877-550-5368. The project is funded under the T-WORKS transportation program. For additional information concerning T-WORKS visit the website, [www.ksdot.org/tworks](http://www.ksdot.org/tworks).
