## **KDOT repairing concrete on U.S. 69 in Linn County**

This week the Kansas Department of Transportation (KDOT) started work to replace portions of the concrete pavement on the north- and southbound driving lanes of U.S. 69 approximately one mile south of the south K-52 junction. The road work will take place at four different locations in this vicinity.

One driving lane will be closed to traffic for the duration of the project. The lane closures will be made one at a time and will vary according to where crews are working. The speed limit will be reduced to 65 miles an hour at the work zone. KDOT expects to complete the concrete repairs in early August, weather permitting.

Kevin Ryan, superintendent at the Garnett KDOT office, reminds drivers to watch for the signs and cones, reduce speed through the work zone and "Give 'Em a Brake!" Persons with questions concerning this project may contact Ryan at (785) 448-5446 or Priscilla Petersen at 1-877-550-5368.
