KDOT to repair bridge on K-58

Wednesday, March 18, weather permitting, the Kansas Department of Transportation (KDOT) plans to begin a repair project on the K-58 Neosho River drainage bridge. The bridge is approximately four miles east of the south K-58/U.S. 75 junction.

The contractor will encase the bridge pier columns in concrete, and paint the piers and superstructure. Temporary signals will control one-lane traffic on the bridge; expect brief delays.

KDOT awarded the construction contract of \$226,639 to B&B Bridge Company, LLC, of St. Paul, Kan. If the weather cooperates KDOT expects this bridge repair to be completed by mid-July. Persons with questions concerning the project may contact KDOT Iola Area Construction Engineer Dayna Barlow at (620) 365-2161 or Southeast Kansas Public Affairs Manager Priscilla Petersen at 1-877-550-5368. The preservation project is funded under the T-WORKS transportation program. For additional information concerning T-WORKS visit the website, www.ksdot.org/tworks.
