K-7 road work to begin in August

The week of August 3, weather permitting, the Kansas Department of Transportation (KDOT) expects to start a resurfacing project on K-7 in Crawford County. The 10-mile project consists of a 2-inch surface recycle and chip seal from Cherokee north to the south city limits of Girard.

Flaggers and a pilot car will guide one-lane traffic through the work zone, with delays of 15 minutes or less expected during daylight hours. The road work should be finished by mid-September, weather permitting.

KDOT awarded Dustrol, Inc. of Towanda, Kan., the \$1 million construction contract. Bob Gudgen, construction engineer at the KDOT Pittsburg office, reminds drivers to obey the signs and flaggers and use extra caution in the work zone. Persons with questions may contact Gudgen at (620) 231-7560 or Priscilla Petersen at 1-877-550-5368. This preservation project is funded under the T-WORKS transportation program. For additional information concerning T-WORKS visit the website, www.ksdot.org/tworks.
