Concrete stitching on U.S. 400 in Wilson County this week

This week the Kansas Department of Transportation (KDOT) began a concrete stitching project on U.S. 400 in Wilson County.

KDOT crews are performing the stitching operations from Fredonia west to the Wilson-Greenwood county line. Stitching involves drilling through cracks in highway pavement and then placing steel reinforcing rods and epoxy grout to maintain stability in the concrete panels.

Flaggers are directing one-lane traffic through the work zone. Traffic delays of 10 minutes or less can be expected between the hours of 9:00 a.m. and 3:00 p.m. Weather permitting, the project should be finished by Friday, March 24.

Marcus Leck, superintendent at the KDOT office in Independence, reminds drivers to slow down, obey the signs and flaggers, and "Give 'Em a Brake!" at the work zone. Persons with questions may contact Leck at (620) 331-3760 or Priscilla Petersen at (620) 902-6433.
