Road work on K-34 in Clark County begins

The Kansas Department of Transportation expects a resurfacing project on K-34 in Clark County to begin on Tuesday, April 28, weather permitting. The project runs from the K-34/US-160 junction to the Clark/Ford county line.

During construction, traffic will be limited to one lane through the work zone, guided by a pilot car. Drivers can expect delays of 15 minutes or less. The Kansas DOT urges drivers to be alert, pay attention to all work zone warning signs, slow down when approaching a work zone and be prepared to stop.

Bettis Asphalt and Construction, Inc., of Topeka is the primary contractor at a cost of approximately \$1.7 million. KDOT expects work on this project to be completed by mid-September, depending on weather.

If you have questions on this project, you can call Joyce Muhlenbruch, Construction Engineer, at 620-227-6122 or Kirk Hutchinson, KDOT Southwest Public Affairs Manager, at 1-877-550-5368 (toll free).

You can stay aware of all road construction projects across Kansas at www.kandrive.org or by calling 5-1-1. To learn more about this and other T-WORKS projects, visit www.ksdot.org/tworks.
