**Field survey starting on K-23 in Sheridan County**

The Kansas Department of Transportation plans to begin a field survey the week of Nov. 23 for proposed shoulder widening and bridge replacement projects on K-23 in Sheridan County.

Survey crews will be working along a 6-mile corridor from County Road 70 north to Walnut Avenue in Hoxie. Activities will include the use of survey instruments on the ground to determine locations of existing features within the survey corridor. KDOT expects the survey work to be completed by March 2021.

Crews will contact property owners or tenants for permission to enter private property, if access is needed. Michael Selley, field survey project manager, will oversee the survey for KDOT.

Persons with questions may contact KDOT public affairs manager Lisa Mussman at 785-874-8107 or [lisa.mussman@ks.gov](mailto:lisa.mussman@ks.gov).
