Survey starting on U.S. 24 bridge in Graham County

The Kansas Department of Transportation has started a field survey for a proposed project to replace the bridge over Spring Creek along U.S. 24 in Graham County.

The bridge is located approximately 3 miles east of the K-18 junction. Survey activities include the use of survey instruments on the ground to determine locations of existing features within the survey corridor. KDOT expects work to be complete by mid-June.

Crews will contact property owners or tenants for permission to enter private property if access is needed. Brent Thompson of BHC will oversee the survey for KDOT.

Persons with questions may contact KDOT public affairs manager Lisa Mussman at 785-874-8107 or lisa.mussman@ks.gov.
