K-15 bridge shoofly in Clay County

Monday, April 5, 2016, a bridge shoofly was opened to traffic diverting traffic around a closed bridge in Clay County. The bridge being replaced is located 8 miles north of the K-15/K-82 junction. A shoofly detour is a temporary road carrying traffic around the construction taking place. Construction on the bridge being by-passed by the shoofly requires that 15th Rd. west be closed for the duration of the project. Plans call for the bridge to be removed and replaced.

This project is scheduled to be complete by June 1, 2016 weather permitting.

This project is funded through T-WORKS. For more information concerning the T-works program and specific projects visit the T-works web site at www.ksdot.org/tworks.
