US-24 Mill & Overlay in Clay County

Sept. 19, 2016, a mill and overlay project began on US-24 in Clay County. The project begins at the Clay/Cloud County line then east to the Clay Center city limit. Work will include milling the surface of the highway then adding oils and emollients to the millings before laying down the final overlay.

Traffic will be controlled by flaggers and a pilot car. Drivers need to be prepared to stop until the pilot car leads them through the work zone. The work zone shall be in place during daylight hours only.

Plans call for the project to be completed on or about November 4, 2016 weather permitting.

Hall Brothers Inc. of Marysville, KS is the prime contractor for this project. Project cost is \$2,270,912.64.
