## **Project to seal K-25 In Logan County will start soon**

Beginning as early as late next week, a job to seal a section of K-25 Highway in Logan County will begin – weather permitting.

Starting at Russell Springs, and extending west approximately 11 miles, workers will spread a thin layer of asphalt oil over the pavement then coat it with a layer of rock chips that are pressed into place with heavy rollers. Chip Seals are a low cost method of sealing minor cracking in a roadway, preventing water from seeping into the pavement and therefore extending the life of the roadway.

**Traffic will be reduced to one lane; and controlled by flaggers and a pilot car operation during daylight hours on this project. Minor delays should be expected through the construction time frame, not exceeding 15 minutes. The public should plan their travels accordingly. Pay attention to the signs and workers within a construction zone and “Give ‘Em A Brake!”**

KDOT awarded the chip seal construction contract – totaling \$ 261,404 – to Blevins Asphalt Construction Co. of Mt. Vernon, Missouri.

Weather permitting, the K-25 seal will be complete by the end of July.

For questions concerning this project, please contact KDOT Area Four Construction Engineer Stuart Withington at (785) 672-3113 or [stuartwi@ksdot.org](mailto:stuartwi@ksdot.org); or KDOT Northwest Kansas Public Affairs Manager Kristen Brands at (785) 877-3315 or [kristenb@ksdot.org](mailto:kristenb@ksdot.org) in Norton.
