Navigating Roundabouts

1. Cyclists must act as a pedestrian if using the crosswalks.
2. Cyclists must yield to traffic in the roundabout.
3. The roundabout makes it easy for cyclists to follow motorists and share the road without the confusion of traffic signals and crosswalks.
4. Cyclists be able to travel at or near the same speed as motorists.
5. Cyclists can find the roundabout and its path using the State Highway System.

All bikeshare programs within Kansas can be found on the larger map below.
