Construction resumes at U.S. 50 and Fairway in Dodge City

The Kansas Department of Transportation will resume work at U.S. 50 and Fairway Drive on the north side of Dodge City on November 27. This will complete the addition of a signal and turning lanes to both the east and westbound lanes of U.S. 50 allowing access to Kliesen Street to the north and Fairway Drive to the South. Improvements are expected to be completed by December 15, weather permitting.

U.S. 50 will be reduced to one lane with a minimal delay during the project. KDOT urges drivers to be alert, pay attention to all work zone warning signs, slow down when approaching a work zone and be prepared to stop.

APAC Shears of Hutchinson is the primary contractor on the project with an approximate construction cost of \$1 million.

For more information on this project, please call Joyce Muhlenbruch, Construction Engineer, at (620)227-6122 or Lisa Knoll, KDOT District 6 Public Affairs Manager, at 620-765-7080.

You can stay aware of all road construction projects across Kansas at www.kandrive.org or by calling 5-1-1. To learn more about this and other T-WORKS projects, visit www.ksdot.org/tworks.
