General Instructions

Read this entire set of instructions before attempting to fill out the form. All entries must be legibly printed or typewritten. Any omission of required information may result in the rejection of this application. A \$250 non-refundable processing fee must be attached.

Sign Owner

The sign owner/license owner must be the agency or community entity, which reflects the advertisement proposed. This is not transferrable and must remain with the initial license/sign owner. (i.e. city, county, museum, historical society, ect.)

Advertisement

The sign advertisement must reflect the sign/license owner. (i.e. City of Topeka owns a sign/license that advertises "Welcome to Topeka" or A museum owns a sign/license that advertises and/or directs the public to the museum.

Classification Type

Directional or Official.

Physical Description of Sign

Type of Construction: Enter type(s) of materials to be used in construction of signs. (i.e. metal, steel, or stone)

Dimensions: Enter the following dimensions in feet. Be sure to consider that any cutouts or extensions that extend outside of the regular portion of a sign are also configured into the overall height and/or width of facing. (**Directional Signs cannot exceed 150 sq ft.**)

Height of facing: Vertical dimensions of the sign face (not height above ground) including border and trim, but not the apron. (In the case of a double-decked structure, the area of separation in between panels is not included in the height measurement.

Width of facing: including border and trim. (In the case of a side-by-side sign, the area of separation between the panels is not included in the overall width measurement)

Overall Height above ground: This measurement is from the roadway (road grade) to the very top of the structure. **Cannot exceed 50 ft. above road grade.**

Photograph Attachments:

1. Photos of the staked location (the location where the sign is proposed to be constructed) must accompany each application for a sign. Please put your name on the stake. The photos should be taken from two different angles to assist KDOT personnel in locating the proposed site.

2. Sketch or photo of your proposed sign must be included with the application. Your markup should include the dimensions of height above the ground, height & width of each panel, space between panels, and dimensions of any extensions.

Zoning Approval

If the proposed location does not require a permit in a zoned area or approval in an unzoned area, state on the application in the zoning section that it is N/A. If the location does require approval for either zoned or unzoned area, then follow the instructions outlined below.

Zoned Area:

If the proposed location requires a local permit with the city or county, then zoning must be approved by an official zoning authority recognized by the State of Kansas. **Signature of the zoning authority and documentation of this approval must be included with the application.** Enter the name of entity that has zoned the property (City or County).

Unzoned Area: Check with your local planning/zoning or sign permitting authority to see if approval is required. A signature is required regardless of if approval is needed. **Enter the name of entity that has approved the proposed location. (City or County).**

Landowner Information

Note: If applicant is not the landowner, prior approval to place a sign at this location must be obtained.

Applicant Signature and Date Please sign and date your application.

Fees A \$250 non-refundable processing fee must be attached.
